

SONOMA, MAY 18, 1895.

H. H. GRANICE - EDITOR

The country press is making Harbor Commissioners Budd and Sutro squirm for throwing impediments in the way of the San Francisco and San Joaquin Valley Railroad. They could stand the censure of the metropolitan dailies for what looks like treason to the people in obstructing the lease of China Basin to the new railroad for depot purposes in San Francisco, but when they were accused of standing in with the Southern Pacific by the press of the interior they were put on a keen defensive. At a meeting of the Harbor Commissioners held last Monday to consider the proposition of rescinding certain clauses of the proposed lease Governor Budd's efforts were devoted mainly in an attempt to square himself for having played two cards in the matter. Sutro, whose contribution to the new railroad is said to have been 50,000 cubic feet of wind to supply the air brakes, also got up on his high horse and became very indignant at the manner in which he had been criticised by the newspapers. The old gas bag claimed to be working in the interest of the people of San Francisco, who very foolishly elected him Mayor because the Southern Pacific Company would not make a five cent fare to the ocean beach to boom the old duffer's sand lots, of which he has several hundred acres laved by the placid waters of the Pacific Ocean.

DURRANT, the alleged murderer of the two girls in Emmanuel Church, San Francisco, had his mustache shaved off the other day. He occupies a comfortable cell in the City Jail and confidently hopes for an acquittal when he comes to trial. The chances are about ten to one, however, that he will be convicted if he does not prove an alibi by Harry Partridge, the medical student who answered roll call for him at the medical college. "There are a good many things against me," Durrant is quoted as saying, "but I fear Harry Partridge, who testified that he had answered roll-call for me on April 8th, more than any other witness. If Partridge persists in his statement he will hang me, but my attorneys will see him and perhaps he will change his mind. I did him many a good turn, and often answered roll-call for him. I hope he won't continue against me." The prosecution does not understand Durrant's fear of Partridge, whose testimony is corroborated. April 8th was the last day Durrant visited Minnie Williams in Alameda. Durrant denies that he offered a ring to Oppenheimer, the pawnbroker, or any one else. He says Oppenheimer is a tool of the police and has frequently given similar testimony in other cases. Durrant is studying medical books and says upon his release he will continue his course until graduation.

The Republican representing Santa Rosa and the Courier of Petaluma, whose editors are ex-Kansas newspaper men, have been throwing sweet-scented bouquets at one another the past few weeks and are trying to make their readers believe that the people of the two towns love each other as did Daman and Pythias. That is too thin, brothers Lemmon and Head. There has always been an ill-feeling existing between Santa Rosa and the other towns of the county and there always will be until the former recognizes the fact that the other sections of the county have rights, political and otherwise, which she ought to respect. When Santa Rosa does this peace will reign supreme. It will then be in order for brothers Lemmon and Head to fall on each other's necks and weep in true Kansas grasshopper fashion.

## Sebastopol Cannery.

Martin Fitchfield was in Healdsburg Monday and interviewed Hotchkiss & Miller, lessees of the Sebastopol cannery. In reply to his inquiries they stated that they would be in Sebastopol the last of this week or the first of next week for the purpose of putting the cannery in order for the coming season's run. They stated further, so we are informed, that it was their intention to pack 40,000 cases in Sebastopol and 80,000 in Healdsburg. Is there a doubt now in the minds of any of our citizens that Sebastopol is all right? We will cut off this year many thousand dollars of Santa Rosa's trade. The future of Sebastopol is all before her.—*Sebastopol Times*.

## COUNTRY PRESS.

## Influence of the Home Paper on a Town's Prosperity.

The Sacramento *Bea* pays the following tribute to country newspapers:

The papers published in the smaller towns of California are so far ahead of those issued under similar conditions in the East that no comparison between them can be made. Some of the very best things to be found in journalism in this State may trace their origin to the columns of the unpretentious country newspaper. The refreshing breeze of the village appears to be conducive to healthy ideas and lucidity of expression. The country newspaper deserves well of the people whom it addresses. Many has brought to general notice a town whose existence on the map has been almost unknown save to the inhabitants. It is the agency which keeps the more or less remote settlement in touch with the outside world. It is the promoter which does more to "whoop-up" and draw capital and population to its locality than all other influences combined. Take away the small daily or weekly paper from the town of 2,000 or 5,000 population and you have sent that town twenty years back on the road of progress. The duty of the people of the smaller town and the country surrounding it is to take the local paper and the duty of the local paper to the people of the surrounding country is to give them every inch of news it can squeeze into its columns.

## A Terrible Visitant.

Pain is always a terrible visitant and often domiciles itself with one for life. This affliction is preventable in case of rheumatism by a timely resort to Hostetter's Stomach Bitters, which cures the encroachments of this obnoxious and dangerous invader at the outset. The term "dangerous" is used advisedly, for rheumatism is always liable to attack the vital organs and terminate life. No testimony is more conclusive and concurrent than that of physicians who testify to the excellent effect of the Bitters in this disease. Persons incur a wetting in rainy or snowy weather and who are exposed to draughts should use the Bitters as a preventive of all effects. Malaria, dyspepsia, liver and kidney trouble, nervousness and debility are also among the ailments to which this popular medicine is adapted. For the infirmities, soreness and stiffness of the aged it is highly beneficial.

## IS MARRIAGE A FAILURE?

## Evidently Robert Magetti Thinks That It Is.

About two years ago Robt. Magetti, a respectable, hard-working young man of this place, was arrested on complaint of Miss Carrie Baccala, charged with seduction. The defendant gave bail and shortly after married the girl, who had given birth to a baby boy and the charge against him was dismissed on motion of the prosecution.

Immediately after the nuptial knot had been tied Magetti, who had stoutly denied the parentage of the child, disappeared, he having married the girl to end his troubles, but he made a sad miscalculation as the sequel will show.

In the meantime his wife and the child continued to reside in Sonoma at the home of Mrs. Magetti's father, and vigorous efforts were made to find out the abiding place of the truant husband in order to compel him to contribute to the support of the youngster.

On Thursday last a warrant for the arrest of Magetti, who was charged with failure to provide for a minor, was placed in the hands of Deputy Constable Griffith of this place.

The officer, by some means or another, located his man five miles from Menlo Park, San Mateo county, and placing him under arrest brought him to Sonoma the same day, and for the second time he was in the toils of the law a sadder if not a wiser man.

Magetti was immediately taken before Judge Cheney and released on filing a bond of \$400 to answer the charge at a later date and on Friday morning he returned to San Mateo county.

Magetti, who is an experienced orchardist and florist, after leaving Sonoma, secured the position of manager of the H. G. Stevenson place near Menlo Park, one of the finest farms of Santa Clara Valley, where he has resided ever since. In order to hide his identity he had assumed the name of Robt. Wilson.

Magetti, during his eighteen-months' stay on the Stevenson place, made many friends in the neighborhood and he is very popular with his employers.

The case will be called in Judge Cheney's court at 10 o'clock this morning.

## Important to Tax-Payers.

Assessor Vanderhoof, in order to save tax-payers annoyance and expense, calls attention in these columns to section eight of article XIII of the constitution. All property owners who have not handed in their assessments must do so before June 10th, else the Assessor will be compelled by law to make an arbitrary assessment on the property not assessed on or before that date. Assessor Vanderhoof remarks in his notice that property-owners think they have until the first Monday in July to make their statements, but this is not so, as he has to complete his roll and turn it over to the Board of Equalization on the above day, which would be impossible if a date later than June 10th was set for handing in assessments. Tax-payers will therefore act accordingly.

## Adjudged Insane.

Jacob Endres, the well-known soda manufacturer, has been adjudged insane by a commission consisting of Drs. Stephen and Powell and Judge Dougherty, and was taken to the Ukiah Insane Asylum by Marshal Collins on Tuesday. He imagines that he is possessed of immense wealth and that he has purchased the entire city and everything in it. The cause of his insanity was not learned, but it is said that the prolonged absence of his wife, Mrs. Emma R. Endres, the well-known writer, who is now in Europe, has something to do with his troubles. Mr. Endres is highly esteemed in this city, and has made many friends while residing here. His unfortunate condition is the cause of sincere regret and it is hoped that with proper treatment he will soon recover.—Petaluma Courier.

## Fined Ten Dollars.

An intoxicated man giving the name of W. Hansen, a stranger in these parts, was arrested yesterday by Deputy Constable Griffith charged with indecent exposure. The defendant was taken before Judge Cheney and pleading guilty to the charge was fined \$10, which he paid. He was then discharged from custody.

## Decoration Day Ball.

A grand ball will be given in the Glen Ellen Park Pavilion on Thursday evening, May 30th (Decoration Day.) A fine orchestra of music has been engaged for the occasion. A good supper will also be served. Those having the affair in hand are well-known party-goers of this place and Glen Ellen. Further particulars will be given in these columns next week.

## Bicycle Notes.

Bud Masterson, foreman of Senator Jones' ranch, has ordered a new Belvidere wheel from Ohio. A cycling club at Tiffin, Ohio, has decided that all female members must wear skirts while exercising on the wheel.

The half-mile bicycle race, which took place last Sunday between Frank Weems, Robt. Pasch, Ed. Long and Adam Adler, was won by Weems, notwithstanding the fact that the two latter were given a start of about two hundred feet, while the two former started even.

Two cyclists met head on with disastrous results while riding near Loveland, Ohio, Wednesday. The riders were coming from opposite directions at full speed, with heads down, and the wheels came together with terrific force. They were demolished and both riders were seriously, if not fatally injured.

Messrs. Bice, Higby and Weimer of Petaluma, members of the Wheelmen's Club in that city, visited Sonoma last Wednesday for the purpose of making arrangements with the Sonoma Bicycle Club to enter the relay race to take place on an early date in June.

The boys with the bear flag on their sweaters have decided to enter.

Remarkably fast time was made by several Sonoma county wheelmen on the Santa Rosa race track Thursday of last week. One cyclist rode a mile in 2:14; D. Hayne of Petaluma covered a quarter of a mile in 35 seconds and W. Ackerman of the same city rode the distance in 35½ seconds, both riders breaking the county record for a quarter.

Two members of the Petaluma Wheelmen's Club, while on their way from that city to attend the picnic at Glen Ellen last Wednesday, met with an unfortunate accident. Both riders were traveling along at a lively gait just this side of the Half-way House, between Sonoma and Petaluma, when they suddenly collided, badly demolishing both wheels. The riders made their way into town with the dilapidated bicycles and took the afternoon train for Petaluma. For the sake of the wheelmen, who were anxious not to have the accident gain publicity, we would ask that all the boys remain perfectly silent in regard to the matter and by so doing the news of the unfortunate occurrence may be kept from the ears of the other members of the Petaluma Club.

Frank Weems, the champion cyclist of Sonoma Valley and also a member of the Sonoma Bicycle Club, says that under no consideration will he sacrifice the championship belt by riding for fun against wheelmen who do not wear on their sweaters the bear flag emblem. If any outsiders are desirous of de-throning our champion from his elevated position they must first wager from \$25 to \$50, provided they are not "crack" riders who have made State and world-beating records. In regard to the Glen Ellen "swift" Frank says that he would be greatly pleased to revolve his pedals on the Fourth of July in competition with the man from the city among the hills. It is said that the Glen Ellen rider has already traveled a mile on a 60 pound wheel with a 54 gear in the remarkable time of 2:08. That being so Frank would greatly enjoy the pleasure of meeting this cyclist, who is possessed of such marvelous riding ability, of course with no intention of defeating him, but simply to see how it is that he works his feet so fast.

## GLEN ELLEN.

Mrs. G. Harper is gradually recovering from a severe spell of illness.

The beautiful new residence of F. Lemoine, situated north of town, is about completed.

F. Maloney of San Francisco is visiting his daughter Mrs. B. C. Pohley of this place.

The dedication services of the new Congregational Church has been set for June 9th.

Dr. and Mrs. C. C. O'Donnell spent a few days the past week on their farm near this place.

The farm of A. V. La Motte, under the careful management of M. E. Bones, is looking splendid.

Quite a number of our society people attended the Y. M. I. entertainment and hop at Sonoma last night.

Mrs. Brosnon, sister of N. R. Hansen, has moved with her family into the Sullivan cottage at this place.

The public school at this place has been closed the past week owing to the Teachers' Institute being in session at Santa Rosa.

The Petaluma Firemen held a picnic in the Park yesterday. It was a very enjoyable affair, being attended by about 400 people.

Mr. R. C. Atkins of San Francisco will shortly open a store here. Lumber will arrive this week and the work of construction will commence immediately.

If celery were eaten more freely sufferers from rheumatism would be comparatively few. It is a mistaken idea that cold and damp produce the disease; they simply develop it. When celery is eaten largely an alkaline blood is the result, and where this exists there can be neither rheumatism nor gout. It should not only be eaten raw, but cooked. Cut it into small pieces and boil till soft in as little water as possible. Add to this a little rich milk, thicken slightly with flour and season with butter, pepper and salt. The tender leaves and small ends of the stalk, which are usually thrown away, should be used for soups.

## Royal Baking Powder

ABSOLUTELY PURE

Instead of having fried ham and boiled potatoes when he comes in at noon—almost too tired and heated to eat—have the potatoes that you boiled in the early morning nicely chopped and warmed in butter and milk, and a platter of cold boiled ham shaved off as thin as a wafer, and sweet brown and white bread and butter. Try this sort of meal before you blame "John" for the lack of an innovation you have not the courage yourself to make.

## The Old Blue Laws.

An exchange states that the Connecticut Legislature has just repealed the last of the blue laws. These famous laws were enacted by the people of the "Dominion of New Haven," and became known as the blue laws because they were printed on blue paper. They were as follows:

The Governor and magistrates convened in general assembly are the supreme power under God, of the independent dominion. From the determination of the assembly no appeal shall be made.

No one shall be a freeman or have a vote unless he is converted and be a member of one of the churches allowed in the dominion.

Each freeman shall swear by the blessed God to bear true allegiance to this dominion, and that Jesus is the only King.

No dissenter from the essential worship of this dominion shall be allowed to give a vote for electing a magistrate or any officer.

No food or lodging shall be offered to a heretic.

No one shall cross a river on the Sabbath but authorized clergymen.

No one shall travel, cook victuals, make beds, sweep houses, cut hair or shave on the Sabbath day.

No one shall kiss his or her children on the Sabbath or feasting days.

The Sabbath shall begin at sunset Saturday.

Whoever wears clothes trimmed with gold, silver or bone lace above one shilling per yard, shall be presented by the grand jurors and the selectmen shall tax the estate \$100 pounds.

Whoever brings cards or dice into the dominion shall pay a fine of 5 pounds.

No one shall eat mince pies, dance, play cards, or play any instrument except the drum, trumpet or jewsharp.

No gospel minister shall join people in marriage. The magistrate may join them, as he may do it with less scandal to Christ's church.

When parents refuse their children convenient marriages, the magistrate shall determine the point.

A man who strikes his wife shall be fined 10 pounds.

A woman who strikes her husband shall be punished as the law directs.

No man shall court a maid in person or by letter without obtaining the consent of her parents; 5 pounds penalty for the first offense; 15 pounds for the second and the third, imprisonment during the pleasure of the court.

Any one who has ever had an attack of inflammatory rheumatism will rejoice with Mr. J. A. Stumm, 220 Boyle Heights, Los Angeles, over his fortunate escape from a siege of that distressing ailment.

Mr. Stumm is foreman of Merriam's confectionery establishment. Some months ago, on leaving the heated work room to run across the street on an errand, he was caught out in the rain. The result was that when ready to go home that night he was unable to walk, owing to inflammatory rheumatism. He was taken home and on arrival was placed in front of a good fire and thoroughly rubbed with Chamberlain's Pain Balm. During the evening and night he was repeatedly bathed with this liniment and by morning was relieved of all rheumatic pains. He now takes especial pleasure in praising Chamberlain's Pain Balm and always keeps a bottle of it in the house. For sale by all dealers.

Have to get up about three times during night, and am very much better in every respect. Will continue to take your Joy's Vegetable Sarsaparilla, for believe it will quickly cure me. Signed, MR. The following by an Iowa exchange is perhaps an exaggeration, but it savors of the principal truth. The story runs:

A man mortgaged his farm to buy his wife a pair of diamond earrings. The wife took in washing to pay the interest on the mortgage, but on the first job lost one of the "sparks" in the suds, whereupon she tried to hang herself in the barn, but the rope broke and she fell on a Jersey cow worth \$150 and broke its back. Her husband then undertook to shoot the cow to put it out of its misery but the gun burst and destroyed his eyes, and the wife then ran away with a lightning-rod peddler. The mortgage is still on deck and bids fair to live to a ripe old age.

A CURE FOR RHEUMATISM. BOSTON, ARK.

GENTLEMEN:—I had rheumatism about two months during last winter, was confined to my room most of the time. I saw an advertisement in the St. Louis Courier recommending P. P. It is undoubtedly the best remedy for rheumatism I ever tried. I can cheerfully recommend it to the public.
